

Kilbarchan Community Nursery SCIO

Duty of Candour Annual Report

2020 – 2021

1	About the service: Kilbarchan Community Nursery SCIO is an Early Learning and Childcare Service situated in the village of Kilbarchan. The nursery is a community nursery managed by parents or carers of children using the service who are elected as trustees. The trustees employ a fully qualified staff team, including a manager, who run the nursery on a daily basis. The service is registered with the care Inspectorate for up to 56 children at a time, this total can include up to 20 school aged children. The service is in partnership with Renfrewshire Council, as a result of a successful tendering process, to provide funded early learning and childcare for children aged 3 years to school age. Out of school care is provided before and after school hours for children attending Kilbarchan Primary School. The service operates from a newly refurbished and extended building leased from Renfrewshire Council and is open from 8am – 6pm during Renfrewshire Council School term time.												
2	Information about our policies and procedures: All staff members complete duty of candour training as part of their induction. Where an event happens that triggers a duty of candour, staff report this to the nursery manager or Senior staff member on duty who then takes responsibility for recording and reporting as appropriate to the parent or carer of the child as well as the Care Inspectorate. The formal report to the Care Inspectorate is shared with the parent or carer who has the opportunity to comment and sign. Support is put in place as required for the child and family.
